Late Summer 2021 Update

Now that we've completed this critical design for Phase I, we are busy with infrastructure planning, developing a community-based vision for the Innovation Center, and a whole range of financing options to support home ownership.

Watch for that first Keya Wakpala home to rise from the earth early next year!

Homebuyer education is available through Tatanka Funds. Monthly classes start soon! Contact Tatanka Funds by phone 605.856.8400 or email admin@tatankafunds.org.
